[ABSTRAK

Tesis ini membahas program edukasi yang tepat di Dunia Serangga Taman Mini "Indonesia Indah" (DS-TMII) yang dibangun tahun 1993 agar diterima oleh pelajar, mahasiswa, dan masyarakat. Penelitian ini menggunakan pendekatan kualitatif, dan dari observasi penelitian yang dilakukan di DS-TMII nampak bahwa tema tata pameran yakni serangga merugikan, serangga menguntungkan, dan serangga yang merugikan tetapi juga menguntungkan, selain itu ruang khusus yang diperuntukkan bagi hasil penelitian tentang serangga juga belum ada. Tidak ada tema dan ruang yang menyajikan hasil penelitian menyebabkan kurangnya pengetahuan masyarakat tentang kehidupan serangga. DS-TMII berupaya menyajikan melalui program edukasi. Tesis ini membahas program edukasi pengetahuan tentang serangga di DS-TMII dilakukan melalui program publik. Model pembelajaran yang tepat dilakukan di DS-TMII adalah model pembelajaran discovery. Sementara itu program yang tepat dalam rangka mengedukasi pengetahuan tentang serangga antara lain:

(1). Program publik Jasa Pelayanan Entomologi (JAPENT)

(2). Program publik Insect Adventure Camp (IAC)

(3). Program publik Fauna Adventure Camp (FAC)

(4). Program publik museum masuk sekolah
