Abstrak

[ABSTRAK

Tesis bertujuan memahami dan menggambarkan perilaku informasi dosen dalam melaksanakan penelitian. Penelitian kualitatif dengan metode studi kasus. Hasilnya penelitian dilakukan dosen secara mandiri, sehingga kerjasama penelitian perlu ditingkatkan. Pola identifikasi kebutuhan informasi dilakukan dengan memahami pengetahuan yang dimiliki berkaitan dengan topik penelitian selanjutnya menganalisis informasi yang dibutuhkan. Pola pencarian informasi dari koleksi pribadi, perpustakaan, dan membeli. Pemanfaatan informasi melalui penggabungan pengetahuan yang dimiliki dengan informasi yang diperoleh. Sumber informasi buku, jurnal, laporan, dan berbagai sumber lainnya. Berbagi informasi antar dosen belum maksimal sebaliknya berjalan baik dengan pustakawan. Usaha dan fasilitas institusi untuk mendukung kegiatan penelitian tidak sejalan dengan keinginan dosen.
