[ABSTRAK

Tesis ini mengulas ruang sosial yang tercipta pada ruang-ruang yang dapat diakses dengan bebas para pengguna di gedung Perpustakaan Universitas Indonesia.

Gedung Perpustakaan Universitas Indonesia telah bertransformasi, tidak hanya secara fisik namun juga termasuk pemanfaatannya oleh para pengguna perpustakaan. Dengan menggunakan metode fenomenologi, penelitian tidak hanya melihat realitas dalam ruang sosial yang diciptakan para pengguna perpustakaan, namun juga menggali interpretasi dan makna para pengguna perpustakaan atas realitas sosial yang terjadi di perpustakaan. Ruang sosial yang tercipta di gedung perpustakaan Universitas Indonesia selalu terikat pada pemaknaan pengguna atas ruang (fisik) perpustakaan yang muncul dalam aktifitas dan relasi sosial yang tercipta di perpustakaan. Dari hasil wawancara yang dilakukan kepada pustakawan dan para pengguna aktif, diketahui bahwa ruang sosial yang tercipta di setiap ruang (fisik) gedung perpustakaan Universitas Indonesia memiliki ciri khasnya masing-masing.
