[<b>ABSTRAK</b><br>

Tesis ini membahas tentang penyelenggaraan manajemen sekuriti fisik Sisi Darat Bandara Internasional Husein Sastranegara Bandung Oleh PT. Angkasa Pura II (Persero). Saat ini Bandara Internasional Husein Sastranegara Bandung tengah menghadapi permasalahan over capacity, khususnya terminal dan ruang tunggu keberangkatan sudah tidak seimbang dengan jumlah penumpang pesawat udara. Hal ini mengakibatkan kerawanan letak Bandara Internasional Husein Sastranegara yang berada di pusat kota Bandung dan sangat dekat dengan pemukiman penduduk. Menyikapi permasalahan tersebut peneliti ingin mengetahui bagaimana PT. Angkasa Pura II (Persero) selaku pengelola Bandara Internasional Husein Sastranegara Bandung menjalankan sistim manajemen keamanan sekaligus untuk mengetahui kelemahan pengelolaan manajemen sekuriti Bandara Internasional Husein Sastranegara Bandung tersebut. Penelitian tesis ini menggunakan metoda kualitatif dengan pendekatan yuridis manajerial, serta penulisan deskriptis analitis melalui penggambaran dan penganalisaan. Teknik pengumpulan data melalui observasi, wawancara dan penelaahan beberapa dokumen. Sumber data berasal dari informan berupa data primer maupun sekunder. Tinjauan pustaka yang digunakan merupakan beberapa konsep dan dokumen yang menunjang penelitian. Berdasarkan hasil penelitian maka penulis dapat menarik kesimpulan bahwa dari segi keamanan fisik Bandara Internasional Husein Sastranegara belumlah cukup memadai untuk menyandang predikat bandara internasional mengingat masih banyaknya fasilitas dan peralatan keamanan yang harus dibenahi, selain itu juga kualitas dan kuantitas personel keamanan bandara harus lebih ditingkatkan. Saran yang diajukan merupakan upaya penanganan terhadap penyelenggaraan manajemen sekuriti fisik Bandara Internasional Husein Sastranegara Bandung saat ini dalam mencegah terjadinya ancaman yang mengakibatkan kerugian serta sebagai masukan penyelenggaraan manajemen sekuriti fisik bandar udara lainnya di wilayah Indonesia.
