[<b>ABSTRAK</b><br>

Dalam kenyataan sekarang ini, Indonesia dilanda sebuah krisis, krisis ini bukan dilahirkan dari perhitungan keuangan negara ataupun pengaruh naik turunnya nilai rupiah terhadap dollar, tetapi diakibatkan oleh sebuah fenomena krisis yang dihadapi oleh pemerintah yang mengakibatkan ketidakpercayaan masyarakat terhadap upaya yang dilakukan pemerintah. ketidakpastian politik nasional yang selalu digoncang dengan berbagai isu kejahatan para pejabat pemerintah. Kondisi politik ini sangat berpengaruh terhadap stabilitas negara baik secara politik, ekonomi, sosial, dan budaya sangat dipengaruhi oleh suhu politik yang ada di negeri ini. Selama perpolitikan tidak stabil, negara ini tidak bisa melakukan langkah pembangunan secara maksimal karena para elit bergulat dengan masalahnya sendiri-sendiri. yaitu ketidakpercayaan rakyat terhadap pemerintah dapat dilihat juga dari lahirnya ormas-ormas yang sering melakukan main hakim sendiri. Ormas ini merupakan wujud ketidakpercayaan masyarakat akan pemerintah. Pemerintah dianggap tidak bisa mengakomodasi kepentingan atau keamanan mereka sehingga mereka membentuk organisasi yang dianggap dapat menyalurkan aspirasi mereka. Organisasi seperti Forum Pembela Islam (FPI), Pemuda Pancasila (PP), Forum Betawi Rempug (FBR), dan Forum Komunikasi Anak Betawi (FORKABI) adalah usaha mereka mempertahankan kepentingan golongan mereka. Keberadaan organisasi ini juga dapat dianggap sebagai ?negara dalam negara?, karena mereka melakukan tindakan yang sering tidak sesuai dengan prosedur hukum di Indonesia. Karena hal tersebutlah Polri diwajibkan untuk berperan dalam hal penegakan hukum dan pengenaan sanksi pidana menurut KUHP bagi pelaku-pelaku yang terlibat dalam kekerasan antar Ormas.

<b>ABSTRACT</b><br>

Today, Indonesia was hit by a crisis, the crisis is not born out of the country or the financial calculations influence the rise and fall of the rupiah against the dollar, but due to a phenomenon of the crisis faced by the government which resulted in public mistrust of the government's efforts. National political

uncertainty that always shaken with crime issues government officials. The political conditions greatly affect the stability of both countries political, economic, social, and cultural strongly influenced by the political climate in this country. During the unstable politics, this country can not perform optimally development step because the elite grappling with the problem on their own. public distrust in government can be seen also from the birth of mass organizations often perform vigilante. This is a form of mass organizations would distrust the government. The Government considered can not accommodate their interests or security so that they form an organization that is considered to channel their aspirations. Organizations such as Forum Pembela Islam (FPI), Pemuda Pancasila (PP), Forum Betawi Rempug (FBR), and Forum Komunikasi Anak Betawi (FORKABI) is the effort they defend their class interests. The existence of these organizations can also be considered as a "state within a state", because they often do not act in accordance with legal procedures in Indonesia. This is where the Police Officers of Indonesian Republic step forward to enforce the laws and imposition of criminal sanctions under the Criminal Code for the actors involved in the violence between mass organization.
