Abstrak

[Artikel ini membahas kondisi moral para kuli pribumi yang bekerja di perkebunan Deli Maatschappij di Sumatera

Timur. Penelitian dalam artikel ini adalah kualitatif yang mendeskripsikan tentang kondisi moral para kuli pribumi yang

berasal dari Jawa, selama mereka bekerja di perusahaan perkebunan Deli Maatschappij periode 1887 hingga 1890.

Hasil dari penelitian ini adalah adanya degradasi moral pada kuli Jawa di perkebunan Deli Maatschappij.

Kuli Jawa

yang datang ke Deli bertujuan untuk mendapatkan kehidupan yang lebih baik namun yang terjadi para kuli Jawa

menjadi gemar berfoya-foya, berjudi, dan datang ke pelacuran. Ketidakadilan yang diterima oleh para kuli Jawa dari

para tuan perkebunan dan penderitaan tiada akhir yang mereka alami adalah alasan mengapa terjadi degradasi moral

tersebut.; This article discusses about moral condition of the indigenous labors who moved from Java to East Sumatera and they

want to work in The Deli Maatschappij Farming. This is a qualitative study which explains about the moral condition of

labors from Java. The result of this study shows there is a moral degradation of Java Labours who worked in Deli

Matschappij in year from 1887 to 1890. The javanese labors who came to Deli want to get the better future after their

life in Java. The moral degradation looks from their attitude and habits as long as they work. They came into prostitution and they spend their money for gambling and alcohol. An injustice situation is the reason why the Javanese

labors in Deli transform and make their moral to be degraded., This article discusses about moral condition of the indigenous labors who moved from Java to East Sumatera and they
