Abstrak

[**ABSTRAK**]

Bahasa adalah aspek penting interaksi manusia. Di dalam masyarakat terdapat perbedaan gender yaitu laki-laki dan perempuan sehingga ragam bahasa yang digunakan juga berbeda. Tujuan dari penelitian ini adalah memaparkan perbedaan penggunaan bahasa laki-laki dan perempuan yang terdapat dalam kalimat pada situs iklan pencarian jodoh di Belanda, yaitu www.relatie.nl. Data akan disajikan dalam bentuk teks deskriptif. Sepuluh buah iklan pencarian jodoh digunakan sebagai data yang terdiri dari lima buah iklan dalam Vrouw zoekt Man dan lima buah iklan dalam Man zoekt Vrouw. Hasil analisis penelitian ini memaparkan bahwa perbedaan bahasa antara laki-laki dan perempuan terlihat dari cara mereka menuliskan adjektiva, jumlah kata, serta topik pada sebuah iklan pencarian jodoh yang sifatnya mempromosikan diri.
