[ABSTRAK

Buku adalah sumber informasi utama yang diandalkan banyak orang karena dapat menyebarkan informasi secara luas. Sayangnya, minat baca masyarakat Indonesia masih tergolong sangat rendah. Padahal membaca buku tidak hanya dapat menambah pengetahuan, tapi sekaligus memberi hiburan untuk pembacanya. Penulis melihat kurangnya minat baca dan apresiasi khalayak terhadap buku-buku Indonesia karena adanya anggapan banyak buku lokal yang tidak menarik dan kurang berkualitas. Prologindonesia.com hadir untuk memberikan informasi bahwa ada banyak buku Indonesia yang patut dibaca oleh masyarakat Indonesia sendiri.

ABSTRACT

Books can widely spread the information, thus people rely on that as one of the main sources of information. The appetite for reading is considerably low among Indonesians though reading is not merely educative but also entertaining.

The writer sees the lack of enthusiasm in reading and appreciation towards local books, which are considered uninteresting and dull. Prologindonesia.com is established to promote must-read Indonesian literatures to Indonesian audiences., Books can widely spread the information, thus people rely on that as one of the main sources of information.
