

Semantic processing for finite domains / Martha Stone Palmer

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20393631&lokasi=lokal>

Abstrak

This series publishes monographs, texts, and edited volumes within the interdisciplinary field of computational linguistics. It represents the range of topics of concern to the scholars working in this increasingly important field, whether their background is in formal linguistics, psycholinguistics, cognitive psychology or artificial intelligence.
