

Shakespeare and tolerance / B.J. Sokol

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20393646&lokasi=lokal>

Abstrak

Shakespeare's remarkable ability to detect and express important new currents and moods in his culture often led him to dramatise human interactions in terms of the presence or absence of tolerance. Differences of religion, gender, nationality, and what is now called 'race' are important in most of Shakespeare's plays, and varied ways of bridging these differences by means of sympathy and understanding are often depicted. The full development of a tolerant society is still incomplete, and this study demonstrates how the perception Shakespeare showed in relation to its earlier development are still instructive and valuable today. Many recent studies of Shakespeare's work have focused on reflections of the oppression or containment of minority, deviant, or non-dominant groups or outlooks. This book reverses that trend and examines Shakespeare's fascination with the desires that underlie tolerance, including in relation to religion, race, and sexuality, through close analysis of many Shakespearian plays, passages, and themes.
