Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20395924&lokasi=lokal>

Abstrak

Providing a thorough introduction to current philosophical views on morality, Normative Ethics examines an act's rightness or wrongness in light of such factors as consequences, harm, and consent. Shelly Kagan offers a division between moral factors and theoretical foundations that reflects the actual working practices of contemporary moral philosophers. Intended for upper-level or graduate students of philosophy, this book should also appeal to the general reader looking for a clearly written overview of the basic principles of moral philosophy.
