

Drugs in sport

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20396544&lokasi=lokal>

Abstrak

Drugs in Sport is the most comprehensive and accurate text available on this complex and controversial subject. Now in a fully revised and updated fifth edition, taking into account the latest regulations, methods and landmark cases, the book explores the hard science behind drug use in sport, as well as the ethical, social, political and administrative contexts. It is supported throughout by data, illustrative case studies, and references for further reading.

Contents
