

Humanitarian logistics: cross-sector cooperation in disaster relief management

Cozzolino, Alessandra, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20396994&lokasi=lokal>

Abstrak

This book focuses on one specific open question in logistics and supply chain management, what are the cross-learning opportunities for both the businesses and humanitarian organizations that cooperate in disaster relief through partnership agreements. In terms of the available academic literature and management practice, this subject is still a poorly explored research area, and so the present study is one of the first attempts to thoroughly investigate the issue.
