Abstrak

This is a textbook on geriatric occupational therapy designed specifically for the COTA. It provides in-depth coverage of each aspect of geriatric practice, from wellness and prevention to death and dying. A discussion of foundational concepts includes aging trends and strategies for elder care, and coverage of emerging areas includes low-vision rehabilitation, mobility issues including driving, and Alzheimer's disease and other forms of dementia. The authors offer a discussion of diverse populations and the latest on geriatric policies and procedures in this fast-growing area of practice.
