

Democracy and public management reform : building the republican state

Bresser-Pereira, Luiz Carlos, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20397345&lokasi=lokal>

Abstrak

Summary:

Written by a Brazilian academic with effective political experience in reforming the state, this is an innovative analysis of the effects of public management reform on the new state of the twenty-first century. The result is essential reading for all those with an interest in globalisation, the politics of the state, and government reform
