

Law & ethics for health professions

Judson, Karen, 1941-, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20397678&lokasi=lokal>

Abstrak

"Law and Ethics for the Health Care Professions illustrates the numerous legal and ethical issues that health care professionals face every day. The topics are derived from real-life experiences and dilemmas from a variety of health care practitioners. Through the use of learning outcomes, key terms, ethics issues, chapter reviews, case studies, Internet activities, court cases, and video vignettes, students hear from health care practitioners in various locations throughout the United States as they encounter legal and ethical problems and situations. Students will practice critical thinking skills to decide how to resolve the real-life situations or theoretical scenarios, determine why the court made a particular ruling and decide how the issues are relevant to the health care profession they will practice."-
