

Human-computer interaction: the agency perspective

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20398383&lokasi=lokal>

Abstrak

Agent-centric theories, approaches and technologies are contributing to enrich interactions between users and computers. This book aims at highlighting the influence of the agency perspective in human-computer interaction through a careful selection of research contributions. Split into five sections, users as agents, agents and accessibility, agents and interactions, agent-centric paradigms and approaches, and collective agents.
