

Human resource management in the public sector

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20398775&lokasi=lokal>

Abstrak

Summary:

An examination of a range of HRM-related topics that will influence the capacity of public sector agencies to negotiate and respond to the challenges ahead, which include increasingly uncertain political and economic environments, more vigilant and cost-conscious governments, rapidly evolving community needs and an ageing workforce
