

Cantonese particles and affixal quantification

Lee, Peppina Po-lun, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20399348&lokasi=lokal>

Abstrak

This book significantly augments the academic literature on Cantonese verbal particles and their semantics, focusing on three affixal quantifiers, -saai, -hoi and -maai, and showing how these verbal suffixes display a unique interplay of syntax and semantics.
