

Dynamic semantics

Dekker, Paul J. E.

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20399892&lokasi=lokal>

Abstrak

The integrated theory of dynamic interpretation set out here in linguistics. It combines classical formal semantics and modern dynamic semantics without altering the fundamental paradigm. At the book's core lies a pragmatically motivated notion of a dynamic conjunction of meanings, an idea that is worked out in full formal detail. This is applied to linguistic phenomena that involve anaphora, quantification and modality. The author demonstrates that in each area of application existing data can be neatly combined with new dynamic insights.
