Abstrak

This international handbook is the ultimate companion to protestant schooling worldwide. Its 39 chapters form the most comprehensive and wide-ranging treatment of the subject yet available, addressing Protestant education on all six inhabited continents and featuring the perspectives of leading authorities and public figures.

The contributions cover in detail not only the facts and features of Protestant schooling in sundry nations, but also integrate a range of themes common to them all, themes so vital that they are of central concern to Christians around the world and of whatever denomination. Some of these topics are school choice, globalization, Bible pedagogy and character education, the fine arts, parental involvement, and the rise of Christianity in previously inaccessible locations such as China.
