

Trying to measure globalization: experiences, critical Issues and perspectives

Caselli, Marco

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20401263&lokasi=lokal>

Abstrak

The aim of this book is to conduct a critical survey of the main tools devised for the synthetic measurement of globalization processes. To this end, the first part of the book discusses the meaning of the concept considered, highlighting the different and often contradictory interpretations put forward in its regard in the literature. Subsequently analysed are the passages and issues that must be addressed when constructing an instrument intended to measure a social phenomenon of such complexity as globalization.
