

Human auditory development / Lynne A. Werner, Richard R. Fay,
Arthur N. Popper, editors

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20401543&lokasi=lokal>

Abstrak

This volume will provide an important contemporary reference on hearing development and will lead to new ways of thinking about hearing in children and about remediation for children with hearing loss. Much of the material in this volume will document that a different model of hearing is needed to understand hearing during development.
