

Naturally occurring antibodies (NAbs) / edited by Hans U. Lutz

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20401610&lokasi=lokal>

Abstrak

Here, pioneering researchers report on the tissue homeostatic, tissue regenerating and regulatory properties of NAbs and NAbs in pooled human IgG. The volume also has a chapter on the history of how pooled plasma was pretreated for safe intravenous use.
