

Eddy covariance : a practical guide to measurement and data analysis

Aubinet, Marc, editor

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20402006&lokasi=lokal>

Abstrak

This one compendium is a valuable source of information on eddy covariance measurement that allows readers to make rational and relevant choices in positioning, dimensioning, installing and maintaining an eddy covariance site, collecting, treating, correcting and analyzing eddy covariance data, and scaling up eddy flux measurements to annual scale and evaluating their uncertainty.
