Abstrak

[Skripsi ini menganalisis mengenai ketidakikutsertaan di kalangan lanjut usia Jepang dalam kegiatan sosial. Teori yang digunakan dalam skripsi ini mengacu pada argumen Li-Mei Chen (2013) bahwa lanjut usia tidak yakin pada kemampuan fisik dan psikologis mereka untuk berpartisipasi dalam kegiatan sosial. Hasil penelitian ini menemukan bahwa alasan ketidakikutsertaan yang dikemukakan Chen hanya berlaku di Jepang secara umum, sebab, terdapat perbedaan alasan utama ketidakikutsertaan berdasarkan lokasi dan rentang usia pada usia lanjut., This work analyzed regarding the nonparticipation among Japanese older adults in volunteer activities. This work used Li-Mei Chen's (2013) argument which explained that the older adults didn't have confidence with their physical and psychological ability to participate in volunteer activities. The results of this study found that the reasons explained by Chen about the Japanese older adults' nonparticipation is may be applied only in general, because, there are facts about differences on the main reasons of the nonparticipation based on the location and the age range of older adults.]
