### Abstrak

Jurnal ini membahas tentang latar belakang keterlibatan dan peran yang diberikan oleh Australia dalam Perang Korea. Penelitian ini adalah penelitian sejarah yang dilakukan dengan desain deskriptif. Hasil penelitian memperlihatkan bahwa alasan mendasar keterlibatan Australia dalam Perang Korea adalah politik luar negeri Australia, yaitu forward defense terhadap bahaya kuning (yellow peril) yang dilanjutkan dengan adanya bahaya merah (red peril) atau bahaya komunis yang menyebar di dunia. Berlatarbelakang alasan tersebut akhirnya Australia terlibat dalam Perang Korea dengan mengirimkan sejumlah bantuan militer kepada Korea Selatan.

*The focus of this study is about background of Australia's involvement and role in Korean War. This research is historical descriptive interpretive. The result of this research shows that the main reason of Australia's involvement in Korean War is it's foreign policy, a forward defense toward yellow peril and red peril, known as communist threat all over the world. Based on that reason, Australia decided to get involved in Korean War by sending a number of military aid to South Korea.;*The focus of this study is about background of Australia's involvement and role in Korean War.
