[ABSTRAK
Tesis ini bertujuan untuk mendapatkan suatu model keberhasilan operasi intelijen DJBC dalam menghindari terjadinya kegagalan dalam operasi intelijen DJBC dalam tugas dan fungsi DJBC sebagai Community Protector melalui instrumen cukai. Peneliti ingin mengetahui faktor-faktor apa saja yang memberi kontribusi dalam keberhasilan sebuah operasi Intelijen DJBC. Penelitian menggunakan beberapa teori yang mengenai kegagalan intelijen sebagai pedoman, dan peneliti menggunakan metode penelitian kualitatif untuk mempelajari dan menghasilkan kesimpulan yang faktual mengenai model keberhasilan Intelijen DJBC.
Penelitian ini diharapkan dapat berguna untuk mengembangkan ilmu intelijen khususnya tentang model keberhasilan dalam pencegahan dan pengungkapan atas pelanggaran ketentuan perundang-undangan. Penelitian ini dilakukan dengan mengidentifikasi faktor-faktor pendorong keberhasilan kerja intelijen DJBC. Hasil penelitian akan menjelaskan bagaimana efektifitas sebuah organisasi intelijen dalam merespon dan melakukan upaya pencegahan melalui peningkatan kinerja intelijen.

ABSTRACT
This thesis aim to obtain a model of successful intelligence operations in the DGCE avoid failure in intelligence operations DGCE in DGCE duties and functions as the instrument through excise Community Protector. Researchers want to know what are the factors that contribute to the success of an operation DGCE Intelligence. Research using several theories about intelligence failures as a guide, and researchers using qualitative research methods to study and produce factual conclusions regarding efficacy models DGCE Intelligence.
This research is expected to be useful to develop a science of intelligence, especially on a model of success in the prevention and disclosure of violations of statutory provisions. This research was carried out by identifying the factors driving success DGCE intelligence work. The results of the study will explain how the effectiveness of an intelligence organization in response and prevention efforts through increased intelligence performance.;This thesis aim to obtain a model of successful intelligence operations in the

DGCE avoid failure in intelligence operations DGCE in DGCE duties and functions as the instrument through excise Community Protector. Researchers want to know what are the factors that contribute to the success of an operation DGCE Intelligence. Research using several theories about intelligence failures as a guide, and researchers using qualitative research methods to study and produce factual conclusions regarding efficacy models DGCE Intelligence.
