Abstrak

[ABSTRAK
Hingga saat ini portal berita di Indonesia hanya mengedepankan kecepatan dalam pemberitaan. Padahal, jurnalisme online yang sesungguhnya memiliki kelebihan lain yang dapat mengubah penggunaan media berita di masa depan. Kemudian hadirlah CNN online di Indonesia. Di negara asalnya, CNN online merupakan portal berita yang populer, ia juga dikenal dengan penggunaan elemen penunjang (seperti video, foto, dan audio) yang berasal dari media televisinya (konvergensi media). Tentu kehadiran CNN online di Indonesia diharapkan memiliki konsep yang sama dengan induknya.

ABSTRACT
Until now, online media in Indonesia has been prioritize the quickness to spread an information. However, the real online journalism have something more than that to change the usage of news broadcasting in the future. Not so long ago, CNN come up in Indonesia as a new choice of online media. As a popular media in their home country, CNN has been recognized by their rich elements when it comes to broadcasting a news (such as video, picture, audio, etc) which come from their television as well. The presence of CNN Indonesia are expected to be as good as their pioneer in USA.;Until now, online media in Indonesia has been prioritize the quickness to spread an information.
