

Pengaruh kemenarikan fisik pada membangun hubungan interpersonal = The power of physical attractiveness in building interpersonal relationship

Arimbi Nuurlatifa Yogasara, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20404721&lokasi=lokal>

Abstrak

[ABSTRAK
Manusia hidup berdampingan sejak lahir hingga akhir hayatnya. Hal tersebut menandakan bahwa manusia sebagai makhluk individual harus menjalin hubungan dengan sesamanya, berada di antara orang-orang, dan bersama individu lainnya. Dengan adanya interaksi antar individu, mereka akan menemukan rekan atau pendamping untuk melengkapi eksistensi satu dan lainnya.

Proses dimana manusia saling berinteraksi telah menjadi salah satu bidang yang menjadi sorotan. Pun, telah dipelajari sebagai riset sosial dan sering diperbincangkan dalam artikel-artikel jurnal. Tahapan-tahapan teoritis dalam membangun hubungan dan alasan yang memungkinkan hal tersebut terjadi telah ditetapkan oleh peneliti terdahulu untuk mempelajari bagaimana manusia sebagai makhluk sosial.

Karya tulis ini akan membahas bagaimana pesona atau penampilan fisik seseorang berpengaruh besar dalam membangun hubungan terhadap orang lainnya. Oleh karena itu, penulis telah melakukan riset terlebih dahulu melalui tulisan-tulisan yang menyangkut topik utama karya tulis ini dari media yang berbeda-beda.<hr>

ABSTRACT
People live amongst other people from their birth until their decease. This means that as an individual being, they need to establish relationships with other people, among people, and live with individuals. And in between it, people interact, and will eventually acquire a partner, or companion to aid their existence.

The process in which people interact with one another have been an admired area and studied by a lot of social researchers and have been a talk in a lot of journal articles. Theoretical steps in building relationships and what makes it possible have been established by former researchers to study the human being as a communicative being.

This paper will be discussing how the power of beauty or physical attractiveness affects human being in building interpersonal relationships with one another. And for that, the writer did research around scholarly journals, articles, graphs, blog posts, and also magazine articles around the topic of the power of physical attraction in interpersonal relationship for this research., People live amongst other people from their birth until their decease.
