[<b>ABSTRAK</b>Undang-undang baru yang diratifikasi oleh Presiden Rusia Vladimir Putin yang melarang anti propaganda hubungan seksual non-tradisional atau LGBT (Lesbian, Gay, Biseksual, dan Transgender) banyak mengundang perhatian dalam negeri maupun dunia internasional, khususnya media. Di Rusia sendiri, UU ini mengundang pro dan kontra media. Dengan menggunakan teori One Dimensional Man Marcuse (1968) yang menyatakan bahwa sebuah produksi kapitalis dan rasionalitas substansinya merupakan hasil dari sistem dan kritik sosial, tulisan ini bertujuan untuk menganalisis pemberitaan pro dan kontra media terhadap UU Anti Propaganda LGBT Rusia pada tahun 2013. Berdasarkan delapan sampel artikel yang berasal dari media (web based) di Rusia, dapat disimpulkan bahwa pemberitaan yang terdapat di media yang dimiliki dan atau memiliki keterikatan dengan Pemerintah Federal Rusia dan mempunyai latar belakang Kristen Ortodoks akan cenderung mendukung UU Anti Propaganda Rusia. Sedangkan media yang bersifat aktivisme dan mempunyai aliansi dengan negara Barat seperti Amerika, cenderung menolak. Dukungan terhadap UU ini pada dasarnya fokus pada perlindungan terhadap kaum minoritas (anak-anak).
