**ABSTRAK**  
Artikel ini membahas pemilu parlemen Eropa di Prancis tahun 2014. Front National (FN) yang merupakan salah satu partai eurosceptic Prancis berhasil meraih kemenangan dengan perolehan 24,86% suara. Front National merupakan partai ekstrem kanan yang berpedoman pada hard euroscepticism (menentang Uni Eropa). Hasil ini bertentangan dengan hasil pemilu di tahun-tahun sebelumnya yang didominasi oleh partai-partai penganut soft euroscepticism dan tidak sepenuhnya menentang Uni Eropa (UE). Penelitian ini membahas faktor penyebab kemenangan FN dalam pemilu Eropa di Prancis tahun 2014. Hasil penelitian ini menunjukkan bahwa kemenangan FN terjadi karena ketidakpuasaan masyarakat Prancis terhadap UE. Hal ini terjadi karena pasca bergabung dengan UE, kondisi dalam negeri Prancis memburuk. UE yang didirikan atas dasar kepentingan ekonomi, hukum, dan politik justru menimbulkan masalah baru seperti krisis ekonomi, imigrasi yang masif, melemahnya otoritas nasional. Ideologi dan kampanye FN yang sejalan dengan pendapat mayoritas mengenai isu-isu di Prancis ini telah mengantarkan FN pada puncak kemenangan pemilu Eropa 2014.
