ABSTRACT

Storytelling has a major role in the process of early childhood education. However in Indonesia 53 parents with children aged less than four years never storytelling for children and only 10 did so regularly 6-7 times a week. The problem faced is parents know the benefits of storytelling but there is no trigger to perform routine activities of storytelling. Therefore Komunitas Ayo Dongeng Indonesia campaign Let's Tell Story Sharing Stories Sharing Love was made with the intention to encourage the parents with the economic and social stastus A and B who have children aged 2-6 years to do storytelling on a regular basis. The amount of budget spent for the whole campaign is Rp 113 281 000.; Storytelling has a major role in the process of early childhood education.
