

Peran Kader dan Klian Adat dalam Upaya Meningkatkan Kemandirian Posyandu di Provinsi Bali (Studi Kasus di Kabupaten Badung, Gianyar, Klungkung dan Tabanan)

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20406226&lokasi=lokal>

Abstrak

The expansion paradigm of development, its line has determine the direction of health development policies contained in the Medium Term Development Plan (Development Plan)for 2004-2009 in the Health Sector, which was more emphasis on preventive and promotive and empowering families and communities in the health field. One form of community empowerment efforts in the health sector was to develop the UKBM (Upaya Kesehatan Bersumber daya Masyarakat), for teh example, Posyandu-managed and organized from, by, and with society in the implementation of health development, in order to empower and provide convenience to the public in obtaining basic health services, primarily to accelerate the declining in maternal and infant mortality. Posyandu was a vehicle for the integration of Family's Healthy Planning district or village level, conducting five priority programs are: Family Planning, Nutrition, Maternal, and Child health, Immunization and the prevention of diarrhea. This type of research was qualitative and observational design. Population was a whole cadre of posyandu in the region of Bali Province in 2008. Purposive research sample is taken on selected districts are Badung, Gianyar, Klungkung dan Tabanan regency. Qualitative methods as the primary data that is carried out through in-depth interviews to cadres, head of health centers, village midwives, program managers, indigenenous Klian, perbekel (headman), and the public to obtain information about the extent to which the role of cadres and Klian customary in an effort the Health Department. Data is Analyzed descriptively. Yhe role of cadres and traditional Klian is very important in supporting the activities of Posyandu so that people, especially women and children who use the facility will more often come every mont to Posyandu. There is an assumption, that if the mother/society that does not come to a posyandu will get sanctioned or excluded kemasyarakatan activities in the area.
