

Computational intelligence systems in industrial engineering: with recent theory and applications

Kahraman, Cengiz, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20406530&lokasi=lokal>

Abstrak

This book will include most of the application areas of industrial engineering through these computational intelligence systems. In the literature, there is no book including many real and practical applications of Computational Intelligence Systems from the point of view of Industrial Engineering. Every chapter will include explanatory and didactic applications.
