

Pengaruh globalisasi ekonomi terhadap peraturan perundang-undangan dalam bidang sumber daya alam di Indonesia

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20406873&lokasi=lokal>

Abstrak

The economic globalization has influenced natural resources legislation. It happens because the basic values of neo economic-liberalism has slipped into the current of globalization, which causing the natural resources legislation can be cancelled by the constitutional court because is not incompatible with the spirit nationalism of our nation. This is what truly happened in Indonesia if an economic constitutional won't allow the market mechanism walking freely without a state interference. To overcome this situation, the constitution must collaborate with market mechanism.
