

Implementation of small scale mining (PSK) cooperation through miners' participation

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20407122&lokasi=lokal>

Abstrak

Small scale mining concept is derived from two ideas, which is to give opportunity to the people who are interested in mining sector and handling the illegal gold mining occurred. This concept was modified from Komar Priatna Anwar's ideas developed in 1990 dealt with people participation to involve in mining sector.
