

Implications and problems of archipelago states relating to the implementation of part IV - UNCLOS 1982

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20407131&lokasi=lokal>

Abstrak

Inline with the implications, problems have arisen by the implementation of Part VI of the Convention such as overlapping existing and potential claims to the maritime jurisdiction zone and more difficult tasks in surveillance in the field of fisheries, energy, and mineral resource exploration and exploitation, shipping including activities of smuggling and espionage, protection of the ocean environment and marine research.
