Abstrak

This book contains 13 carefully revised and selected papers from the 6th Workshop on Global Sourcing, held in Courchevel, France, during March 12-15, 2012. They have been selected from 46 submissions and represent both client and supplier perspectives on sourcing of global services. The topics discussed combine theoretical and practical insights, and they are extensively illustrated by case studies from client and vendor organizations. Last but not least, the book examines current and future trends in outsourcing and offshoring, paying particular attention to the centrality of innovation in sourcing arrangements, and how innovation can be realized in outsourcing.
