Abstrak

This book presents a comprehensive documentation of the scientific outcome of satellite events held at the 14th International Conference on Model-Driven Engineering, Languages and Systems, MODELS 2011, held in Wellington, New Zealand, in October 2011. In addition to 3 contributions each of the doctoral symposium and the educators' symposium, papers from the following workshops are included: variability for you, multi-paradigm modeling, experiences and empirical studies in software modelling, models@run.time, model-driven engineering, verification and validation, comparing modeling approaches, models and evoluation, and model-based architecting and construction of embedded systems.
