

On the form of judgment function of sense of language

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20409585&lokasi=lokal>

Abstrak

In parole communication, people are always able to judge whether other's expression are proper or not, understandable or not, elegant or not. In the field of teaching Chinese as a foreign language, teachers can also quickly point out the problems in students' expressions and writing. This kind of direct sense is called Sense of language. Generally speaking, Sense of language is considered as a kind of 'ability of subjective judgment'. In fact, there is a guide behind Sense of language, which is profound rational theory proved by Psychology and cerebral science. Sense of language will be discussed carefully in this article.
