ABSTRAK

Perkembangan busana muslim dan jilab di Indonesia sangatlah pesat. Hal ini ditandai dengan antusias masyarakat muslim, khususnya kaum wanita muslimah yang kini mulai menggemari busana muslim dan jilbab bergaya modern dengan beragam jenis style dan fashion. Selain itu pemerintah juga ingin menjadikan Indonesia sebagai World Islamic Fashion Center pada tahun 2020. Kondisi ini tidak terlepas dengan adanya peran para fashion blogger muslim yang mulai memperkenalkan berbagai jenis style fashion busana muslim yang modern. Penelitian ini bertujuan untuk menganalisa pengaruh kedekatan psikologis fashion blogger terhadap sikap konsumen pada fashion blog serta minat pembelian pada berbagai produk yang ditampilkan oleh fashion blogger dengan adanya variabel moderasi yakni fashion leadership dan LOV interpersonal value. Data diolah dengan menggunakan metode hierarchical regression serta linear regression. Hasil penelitian menunjukkan bahwa kedekatan psikologis fashion blogger mempengaruhi sikap konsumen terhadap fashion blog dan minat pembelian terhadap produk yang ditampilkan fashion blogger muslim. Dan variabel moderasi fashion leadership mampu memberikan pengaruh terhadap hubungan kedekatan psikologis fashion blogger pada sikap dan minat beli konsumen. Sedangkan LOV interpersonal value tidak memiliki pengaruh moderasi pada hubungan antara kedekatan psikologis fashion blogger terhadap minat beli konsumen serta sikap terhadap situs fashion blog. Dan pengujian hipotesis terakhir menunjukkan bahwa sikap terhadap fashion blog memiliki pengaruh positif signifikan terhadap minat pembelian.
