Abstrak

[Penelitian ini melihat kepada perkembangan dunia bimbingan belajar di Indonesia khususnya melalui media e-learning seperti internet ataupun multimedia. Penelitian dilakukan dengan 2 cara, exploratory melalui focus group discussion untuk variable process, people dan physical evidence dan melalui descriptive yang menggunakan survey untuk variable product, price, promotion, dan place. Hasil yang didapat dari descriptive adalah bahwa tidak satupun dari variable product, price, promotion, dan place mampu mempengaruhi keputusan pembelian dari produk Zenius secara signifikan. Hasil dari exploratory sendiri menunjukkan bahwa 3 variable yang tersisa mempunyai indikator-indikator yang dianggap penting juga oleh responden.; This research purpose is to gain deeper understanding of why people buy
