Perseteruan antara KPK dan POLRI merupakan salah satu kejadian yang menimbulkan gejolak politik dan sosial karena menyangkut komitmen dan dukungan terhadap upaya pemberantasan korupsi sehingga keberhasilan penyelesaiannya sangat berpengaruh pada image dan dukungan publik pada pemerintah. Dengan menggunakan teori dramatism, penelitian ini mendeskripsikan aspek dramatik dalam retorika Presiden Jokowi dan Presiden SBY dalam menyelesaikan konflik KPK – POLRI. Dalam dramatism, retorika dianalisis berdasarkan lima elemen dramatistik (dramatic pentad) yaitu scene, act, agent, agency dan purpose sehingga dapat diketahui konteks (guilt) dan menilai motif (motives) yang mendasari retorika tersebut serta elemen apa yang menjadi kunci persuasi. Hasil penelitian menunjukkan bahwa pola retorika tidak ajeg, tetapi mengikuti guilt yang dialami. Ketidakjegan tersebut dapat dilihat dari bagaimana Presiden menentukan kelima unsur dramatistic pentad dalam retorikanya serta unsur-unsur mana yang ditonjolkan sebagai kunci persuasi.
