Abstrak

[Tesis ini membahas upaya Rehabilitasi Sosial dalam Penanganan Gelandangan dan Pengemis di Provinsi DKI Jakarta pada Panti Sosial Bina Insani Bangun Daya (PSBI BD) 2 Cipayung, Jakarta Timur. Penelitian ini adalah penelitian

kualitatif deskriptif. Hasil penelitian menunjukkan bahwa upaya rehabilitasi sosial di PSBI BD 2 Cipayung belum maksimal sehingga gelandangan dan pengemis di Provinsi DKI Jakarta cenderung kembali ke jalan setelah

mendapatkan pembinaan dalam panti. Disarankan kepada pemerintah untuk memberikan pelayanan panti khusus rehabilitasi sosial gelandangan dan pengemis, memberikan sanksi tegas bagi gelandangan dan pengemis yang kembali ke jalan dan meningkatkan SDM petugas panti dari segi kualitas maupun kuantitas.This thesis examines the social rehabilitation efforts in handling the homeless and beggars in Jakarta at Panti sosial Bina Insani (PSBI BD 2) Cipayung. Researcher conducting a qualitative descriptive on this study. The findings from this research show that social rehabilitation efforts in homeshelter is not maximized so that the homeless people and beggars in Jakarta tends to return to the street after getting coaching in this homeshelter. This research provide a recommendation to the government to provide a homeshelter which focused for homeless and beggars social rehabilitation, give strict punishment to the homeless and beggars who are back on the street and increases quality and quantity of human resources servant; This thesis examines the social rehabilitation efforts in handling the homeless and beggars in Jakarta at Panti sosial Bina Insani (PSBI BD 2) Cipayung.
