Abstrak

[ABSTRAK

Tesis ini membahas pelaksanaan program ketahanan nasional di kementerian pemuda dan olahraga yang bertujuan memberdayakan pemuda dari masalah-masalah sikap individualis, materialis, menurunnya rasa nasionalisme dan patriotisme serta mengikis dan terpuruknya nilai moral. Sebagian pemuda sibuk mementingkan pribadinya, kurang peduli terhadap lingkungan dan permasalahan yang terjadi disekitarnya.

Penelitian ini menggunakan jenis penelitian kualitatif dengan pendekatan deskripsi analisis. Informasi yang diperoleh dengan melakukan wawancara mendalam dengan narasumber yang berjumlah 7 orang, 2 orang dari kemenpora sementara 5 orang adalah peserta program Tannasda, narasumber ini adalah orang-orang yang mempunyai pengetahuan tentang pelaksanaan program ketahanan nasional (Tannasda). Penelitian ini bertujuan untuk membahas pelaksanaan program ketahanan nasional pemuda (Tannasda) tahun 2014 di kementerian pemuda dan olahraga. Dari hasil penelitian, pelaksanaan program ketahanan nasional pemuda di kementerian pemuda dan olahraga telah mengalami peningkatan kualitas dari tahun ke tahun, namun pelaksanaan program ketahanan nasional pemuda tahun 2014 masih mengalami hambatan-hambatan teknis yang dapat merusak substansi dari program itu sendiri

ABSTRACT

This thesis discusses the implementation of the national security program at the ministry of youth and sports aimed at empowering the youth of issues individualist attitude, materialist, declining sense of nationalism and patriotism as well as erode and decline of moral values. Most youth-centered personal busy, is less concerned about the environment and the problems that occur around them.

This research uses a qualitative research approach analytical description.

Information obtained by conducting in-depth interviews with sources, amounting to 7 people, 2 people of Kemenpora while 5 people were Tannasda program participants, resource persons are those who have knowledge about the implementation of the national security program (Tannasda). This study aims to

discuss the implementation of the national security programs of youth (Tannasda) in 2014 at the ministry of youth and sports. From the research, the implementation of the national security programs of youth in the ministry of youth and sports has increased the quality from year to year, but the implementation of the national security programs of youth in 2014 was still experiencing technical barriers that could undermine the substance of the program itself.;This thesis discusses the implementation of the national security program
