[ABSTRAK

Penelitian ini bertujuan untuk menganalisis pelaksanaan penerimaan dan penatausahaan prasarana, sarana dan utilitas di Pemerintah Kota Bekasi sesuai dengan ketentuan yang berlaku dan tata kelola yang baik dalam mewujudkan akuntabilitas keuangan. Penelitian ini merupakan penelitian kualitatif dengan pendekatan studi kasus di Pemerintah Kota Bekasi. Analisis permasalahan penelitian menggunakan metode perbandingan antara pelaksanaan penerimaan dan penatausahaan PSU dengan ketentuan yang berlaku, kebijakan penyerahan PSU dengan peraturan daerah dan prinsip-prinsip umum governance. Hasil penelitian menunjukkan penerimaan dan penatausahaan PSU belum sepenuhnya mengikuti ketentuan yang berlaku dan tata kelola pemerintahan yang baik. Beberapa kendala menyebabkan penerimaan dan penatausahaan belum memadai.
