Abstrak

[ABSTRAK

Penelitian ini bertujuan untuk mengevaluasi Program kerjasama yang telah dilakukan antara BNN dan PT. Indomarco prismatama, Penerapan program pelatihan pada terapi vokasional pada Balai Besar Rehabilitasi BNN serta mengidentifikasi faktor-faktor penghambat dan pendukung yang mempengaruhi keberhasilan program community service terhadap residen.

Penelitian ini menggunakan pendekatan kualitatif dengan wawancara secara mendalam kepada para responden yang merupakan Residen dan konselor dari Balai Besar Rehabilitasi BNN serta pihak dari PT. Indomarco Prismatama selaku mitra kerjasama.

Hasil Evaluasi menunjukkan bahwa Program pelatihan Laundry dan magang sudah berjalan dengan baik dan memiliki dampak yang positif terhadap perkembangan Residen pada setiap tahapannya. Meski dalam pelaksanaan program kerjasama ini belum ada bagian khusus yang mengevaluasi program kerjasama yang sedang berlangsung.
