### Abstrak

[<b>ABSTRAK</b><br> Tulisan ini membahas tentang aspek kata kerja dalam bahasa Rusia. Kata kerja ialah salah satu kelas kata dalam morfologi. Kata kerja dalam bahasa Rusia memiliki aspek, yaitu aspek imperfektif dan aspek perfektif. Penelitian ini menganalisis aspek kata kerja pada tiga teks bahasa Rusia dengan menggunakan teori aspek kata kerja dari I. K. Kalinina dan A. B. Anikina. Dari hasil analisis ditemukan kata kerja perfektif dan imperfektif. Hasil analisis menunjukkan bahwa kata kerja imperfektif mendominasi.<b>ABSTRACT</b><b> This paper discusses about aspects of the verb in Russian. The verb is included in the classes of words in Russian morphology. In Russian, each verbs have aspects. These aspects are perfective and imperfective. This paper analyzed the aspects of the verb in the three of Russian texts by using theory of verb aspect of I. K. Kalinina and A. B. Anikina. The analysis found perfective verbs and imperfective verbs. In this paper imperfective verbs dominated.;This paper discusses about aspects of the verb in Russian.
