[ABSTRAK
Enchaînement dan liaison adalah keunikan bunyi bahasa Prancis yang tidak terdapat dalam Bahasa Indonesia sehingga memungkinkan terjadinya interferensi ketika pemelajar Indonesia mempelajari bahasa Prancis. Artikel berjudul Kesalahan Pelafalan Enchaînement dan Liaison pada Mahasiswa Program Studi Prancis FIB UI Semester Satu dan Semester Tiga ini membahas kemampuan mahasiswa Program Studi Prancis FIB UI tingkat dasar dalam mengidentifikasi dan melafalkan enchaînement dan liaison. Kemampuan tersebut dilihat melalui sebuah penelitian dengan metode kualitatif terhadap 60 mahasiswa Program Studi Prancis FIB UI semester satu dan semester tiga. Hasilnya, sebagian besar mahasiswa tidak memahami aturan pelafalan enchaînement dan liaison, terutama enchaînement vocalique.ABSTRACTEnchaînement and liaison are the unique of sounds in French which do not exist in Indonesian that are able to cause the interference when the Indonesian students learn French. The article entitled ?The Mispronunciation of The Enchaînement and Liaison by The First and Third Semester Students of French Department, Faculty of Humanities, University of Indonesia? aims to see the ability of basic level French Department?s student to identify and pronounce enchaînement and liaison. The ability is examined by qualitative research on 60 students of French Department?s 1st and 3rd semester?s student. The result is, most of the students does not comprehend the rule of enchaînement and liaison, especially the enchaînement vocalique;Enchaînement and liaison are the unique of sounds in French which do not exist in Indonesian that are able to cause the interference when the Indonesian students learn French.
